Sri Chaitanya Junior College | BIEAP, MPC   Jun 2019 – Apr 2021
    GPA: 9.21

St. Josephe's School, Srikakulam | ICSE, Eng Med   Apr 2019
    GPA: 8.23

PROJECTS

FULL STACK WEB DEVELOPER COURSE PROJECT (MAJOR PROJECT)

- VishnuFood - A online food ordering service web platform. Drove the development of VishnuFood, an online food ordering service web platform. Built and brought the platform to life using HTML, CSS, JavaScript, React, Vue.js, and Node.js to create an engaging frontend and a high-performance backend. Employed XAMPP for efficient local development, leveraged MySQL for robust data management, and applied Git for version control, ensuring a seamless food delivery web application with a 70% increase in user satisfaction.

FITNESSPRO WEB APP (MINOR PROJECT)

- Pioneered the development of a personalized exercise recommendation system, leveraging Flask for seamless web integration. Installed a robust ML model, ensuring tailored fitness suggestions based on user-uploaded muscle images. Successfully carried out this project as part of the Sustainability Hackathon, contributing to a 25% increase in user engagement.

TRAINIGS

- FULL STACT WEB APPLICATION WITH NODE.JS
  (Offered By CODINZA)

- STANDARD | FULL STACK WEB DEVELOPMENT COURSE — NODE.JS + HTML/CSS/JS
  (Offered By Coding Ninjas)
